

Dan-Mop® Curve Twin Micro, double-sided microfibre mop, 50 cm, bag of 5

SKU: 12031

Dan-Mop® Curve Twin Micro is a double-sided microfibre mop for everyday cleaning. Because it has two sides the mop does not need to be re-dampened quite as often compared to a regular single-sided mop. Alternatively, each side can be used for different tasks: for instance, use one side for washing the floor and the other side for mopping up excess water.

- Double-sided
- Can be used dry or damp
- Can be washed at least 400 times
- Fits frame item no. 10098
