

Dan-Mop® Curve Twin Micro, double-sided microfiber mop, 35 cm, bag of 5

SKU: 12032

Dan-Mop® Curve Twin Micro is a double-sided microfiber mop for everyday cleaning. Because it has two sides the mop does not need to be re-dampened quite as often compared to a regular single-sided mop. Alternatively, each side can be used for different tasks: for instance, use one side for washing the floor and the other side for mopping up excess water.

- Double-sided
- Can be used dry or damp
- Can be washed at least 400 times
- Fits frame item no. 10097
