

# Worksafe U-Damp

Innovative and unique, soft, ovalshaped foam earplugs guarantee a comfortable fit.

- The band is ergonomically shaped and its stability limits contact with clothing and resulting sound transmission
- Weighing only 8 g
- Ideal for short-term use, such as when passing through noisy premises or for visitors
- Less environmental impact when the plugs can be replaced

Item no.	Description	Color
40210864	U-Damp banded ear plug	Black
40210865	U-Damp replacement plugs 5 pair/box	Yellow

### FITTING INSTRUCTIONS

Ensure correct seal and fit by carefully follow the instructions below:

1. Hold the band under your chin, with earplugs pointing forward. Fit plugs over ear canal entries with band under the chin.
2. Adjust the fit by pushing the band and plug gently with a slight rocking and twisting, at the same time as you pull the outer ear upwards/backwards with your free hand. Adjust opposite side accordingly.

### NOTE:

- These banded earplugs are designed for wearing mode "under-the-chin" only.
- Band shall be worn with earplugs pointing forward only.
- Do not roll/compress plugs before fitting.

Made in Sweden
