

Toolflex Original X-Large 30-40 mm

Art. No. 520-1

Toolflex Original tool holder for all shapes of handles with diameter 30-40 mm. Also suitable for e.g. spray bottles, gloves and handheld equipment.

Toolflex Original is a system of simple, flexible tool holders for the private person that needs to arrange the tools for the garage or the garden shed.

The holders have predrilled screw holes and can be installed directly on a wall or mounted on a Toolflex Original rail.

Applications: garages, sheds, storage rooms, janitor closets etc.

- Tools and equipment hanging safely, with distance to floor and wall.
- For indoor and outdoor use.
- Recyclable.
- Made in Sweden

Maximum weight, individual holder: 5 kg.

Material, holder: The frame is made of ABS plastic, the pins in PP and the rubber grip in soft TPE plastic.
