

HyFlex® 11-818

Mechanical Protection

Multi-purpose

Light

Barehand-like comfort and tactility with high durability

DESCRIPTION

- Under abrasive conditions the ultra-thin FORTIX™ nitrile foam coating (patent pending) lasts up to three times longer than comparable coatings, extending glove life and reducing total cost of ownership.
- The FORTIX™ coating provides enhanced dry grip and is 20% more breathable than earlier formulations, for cooler, drier hands and less sweat.
- The seamless 18-gauge nylon-spandex liner has a barehand feel, offering breathability, comfort and enhanced fingertip sensitivity for precision tasks.
- Ansell ZONZ® Comfort Fit technology matches natural hand contours for improved support, breathability and range of movement.
- With EN Abrasion Level 3, the ultra-lightweight HyFlex®11-818 offers ideal protection for a range of general handling and assembly tasks.
- Silicone-free material means no transfer of silicone contaminants to metal parts prior to painting.

PRODUCT DETAILS

Construction	Knitted
Liner material	Nylon Spandex
Gauge	18
Coating material	Foam nitrile
Finishing	Palm coated
Cuff style	Knitwrist
Colour	Dark blue
EN Sizes	6,7,8,9,10,11
Length (mm)	200-248
Packaging	12 pairs in a bag; 12 bags in a carton

Print date 04-07-2019

IDEAL APPLICATIONS

- Assembly of dry parts
- Feeding the lines
- Fine mounting of small nuts and bolts
- Handling of small/fine parts
- Mounting & dismounting parts
- Mounting of small parts
- Screwing & unscrewing
- Ultra-fine mechanical applications
