

Resin Remover pro, 5 L

SKU: 21633

Stadsing's Resin remover pro is specially developed to remove resin from the floors of sports halls. Use the product in a floor washer that both scrubs and sucks up water. Where floors are very heavily affected, it may be an advantage to soak the floor using spraying equipment. Suitable for use on most flooring surfaces in sports halls, but not on linoleum floors, and only on varnished floors if they are neutralised after treatment with resin remover.

Specifications

Category	Heavy cleaning
