

# Dan-Mop® I Dry, mop for dry mopping, 100 cm

SKU: 2614

The Dan-Mop® I Dry is ideal for dry mopping as it uses static electricity to bind dirt and dust. Collects a minimum of 30% more dust compared to regular disposable dust mops. Dan-Mop® mops for dust mopping have a low level of friction thus reducing strain on the body. This also makes the task of dust mopping both easy and fast. For the best results the mop should be washed after each use.

- Easy and fast to use
- Excellent dust-absorbing qualities
- Can be washed at least 500 times
- Fits Dan-Mop® frame item no. 2615

## Specifications
